

Number of detector	
---------------------------	--

1 Measurement information (filled separately for each radon detector)	
Name of the measurement point (e.g. room 1, only one point/site with the same name)	
If STUK has requested a remeasurement of a measurement point, the same name of the measurement point is used as before.	
Starting date of the measurement (dd.mm.yyyy)	
Ending date of the measurement (dd.mm.yyyy)	
Measurement dates are needed to calculate results.	
Name of workplace/building	

2 Workplace/building details (it is sufficient to provide this information on one form only)	
Address	
Postal code and postal address	
Municipality	
Business ID number	
ID of the notification request issued by STUK (if any)	

3 Employer details (it is sufficient to provide this information on one form only)	
Name of the workplace	
Address	
Postal code and postal address	
Contact person	
Telephone	
E-mail address	
If necessary, STUK will contact the employer to limit the radon exposure for workers.	

4 Additional information

This form should be returned in the same envelope as the detector or completed electronically and sent by e-mail to radonlaboratorio@stuk.fi.

After analysing the results, STUK will send a separate test report for each measurement site only to the customer.
